

WAGE AND HOUR

ECONOMIC CONSULTING & EXPERT SERVICES:

Since 2000, ERS Group has provided statistical analyses for over 150 wage and hour matters in courts across the U.S. ERS Group testifying experts have offered testimony in:

- Federal District courts
- U.S. Court of Federal Claims
- State courts, including CA, FL, NY, MN, and OR

ERS Group experts have been engaged in wage and hour matters involving employees of corporations in diverse businesses, including the hotel and restaurant, finance and insurance, retail trade, information technology, pharmaceutical, and manufacturing industries. In addition, ERS Group has worked on wage and hour issues pertaining to federal, state, and municipal governments.

These engagements have included analyses related to Fair Labor Standards Act (FLSA), state, and federal employee wage and hour claims for hourly and exempt employees in class actions, collective actions, and multidistrict litigation (MDL) across the United States.

Wage and Hour filings brought under FLSA rose by approximately 72% over the past six years. A wage and hour class action can result in settlements in the millions. ERS Group experts have the experience to analyze data when it counts.

ERS GROUP OVERVIEW:

Established in 1981, ERS Group is a national leader in statistical and economic consulting with 25 Ph.D. economists and statisticians supported by 90 database analysts and research professionals. The firm provides in-house and outside counsel with analyses for matters related to antitrust, employment discrimination, affirmative action, wage and hour issues, fair lending, intellectual property, and compliance.
